

December 28, 2020

**Update from Andrew E. Spade,  
Lancaster County Prothonotary**

Effective January 1, 2021, the Lancaster County Prothonotary's Office will begin processing Divorce Praecipes to Transmit as they are filed rather than holding them to process at the end of each week. It is anticipated that this change in procedures will allow for more efficiency in the issuance of Divorce Decrees.
